Glasgow Airport Investment Area

Dear Sir/Madam,

I am writing to introduce Wills Bros Civil Engineering Ltd (WBCEL) as Main Contractor and myself, Anna Kelly, as the Public Liaison Officer on the Glasgow Airport Investment Area project.

Wills Bros Civil Engineering Ltd is appointed the main contractor for the Glasgow Airport Investment Area project, which is led by Renfrewshire Council and jointly funded by the UK and Scottish governments through the £1.13 billion Glasgow City Region Deal.

The project will deliver the enabling infrastructure and connections into Netherton Campus, a 52-hectare site next to the airport being transformed into the home for advanced manufacturing. Netherton Campus is at the heart of the emerging Advanced Manufacturing Innovation District Scotland, which will be home to two major facilities; the National Manufacturing Institute Scotland and the Medicines Manufacturing Innovation Centre, creating thousands of new job opportunities in Renfrewshire.

Construction includes significant improved connections:

- Abbotsinch Road is being realigned, upgraded and extended, with accompanying pedestrian and cycle lanes to create a gateway route through Netherton Campus.
- A two-lane bridge for pedestrians, cyclists and commercial traffic across the White Cart from an approach road off Arran Avenue to Wright Street. The bridge includes a connection into Wright Street business premises, with no through route along Wright Street for vehicles. This will reduce the impact of traffic on residential areas and the bridge will also connect with the proposed Paisley to Renfrew cycle route, currently under development.
- A pedestrian and cycle bridge over the Black Cart, connecting Abbotsinch Road to Greenock Road.
- New and improved junctions and connections to existing cycleways and pathways.

Construction works start in July 2019 and are scheduled for completion in early 2021. During this time, we will do everything possible to make sure the works are as neighbour friendly as we can make them.

We will shortly be establishing our Site Offices which will be located at the address shown below:

Wills Bros  
Glasgow Airport Investment Area Site Compound  
Abbotsinch Rd  
Paisley  
PA3 2RY

Should you have any queries or concerns relating to any of the works being undertaken by WBCEL, please contact us via one of the following communication channels:

Email: info@gaiaproject.co.uk

24-hr Phone: 07464 910226

For further information relating to the project please visit Renfrewshire Council's website at [www.renfrewshire.gov.uk/gaia](http://www.renfrewshire.gov.uk/gaia)

WBCEL is an active member of the Considerate Constructors Scheme and full details of the Scheme will be posted near to our site entrance for your information.

Once again, please do not hesitate to contact us at any time or speak to a member of the team on site if you have any concerns.

Yours faithfully

**A KELLY**

Public Liaison Officer

On behalf of Wills Bros Civil Engineering Limited
