Notice of Review – Statement

I wish to appeal the decision to refuse consent of application reference 20/0077/PP dated 6th May 2020. I have outlined the basis for my appeal below.

It has been suggested that our proposal would not comply with Policy P1 of the Adopted Renfrewshire Local Development Plan (2014), the Proposed Renfrewshire Local development Plan (2019) and associated NDSG. The policy states that;

‘New developments within these areas should be compatible and complementary to existing uses and demonstrate that they would cause no significant harm to these uses’.

I would assert that our proposal involves refurbishment only with no new development being undertaken. I would also contend that as our proposed dog daycare facility would be one of three businesses of this type in the local area that it would be fully compatible and complementary to existing uses and would cause no significant harm.

Objection 1:

I would dispute this objection as we have taken great care in selecting dogs who do not bark excessively. There are currently two similar enterprises on Hawkhead road, a boarding kennel and a dog walking/daycare business and I would argue that the noise produced from these businesses is far greater than that produced by our dogs. Both these businesses advertise as being fully licenced by Renfrewshire council and have been running for many years. I am finding it difficult to understand why my proposal has been rejected when there are two other similar businesses extremely close which have been approved. I would also like to add that both neighbouring properties have dogs that are known to bark regularly. We have gone to great expense to refurbish the existing garage with sound dampening insulation to ensure that any noise is kept to a minimum and does not cause a nuisance to our neighbours. I would also like to note that the dogs would only be on site for a small portion of the day as the majority of the time they will be out on walks and so I do not agree that the noise would intensify if the application was approved.

Objection 2

Our dogs are not present on site after 5pm Mon – Fri or on weekends so any barking through the night is due to either the existing businesses or the dogs who reside in the area. I refer to my justifications to objection 1 in regards to the exacerbation of noise and disturbance.

Objection 3

I refute this objection as the layout of the garden and the refurbished garage allow for its use with no intrusion on the privacy of the neighbours. The section of the garden used by our dogs is surrounded by trees and high fences which do not afford a view into the neighbouring properties. The garage itself has no windows and so privacy cannot be stated as an issue.

Objection 4

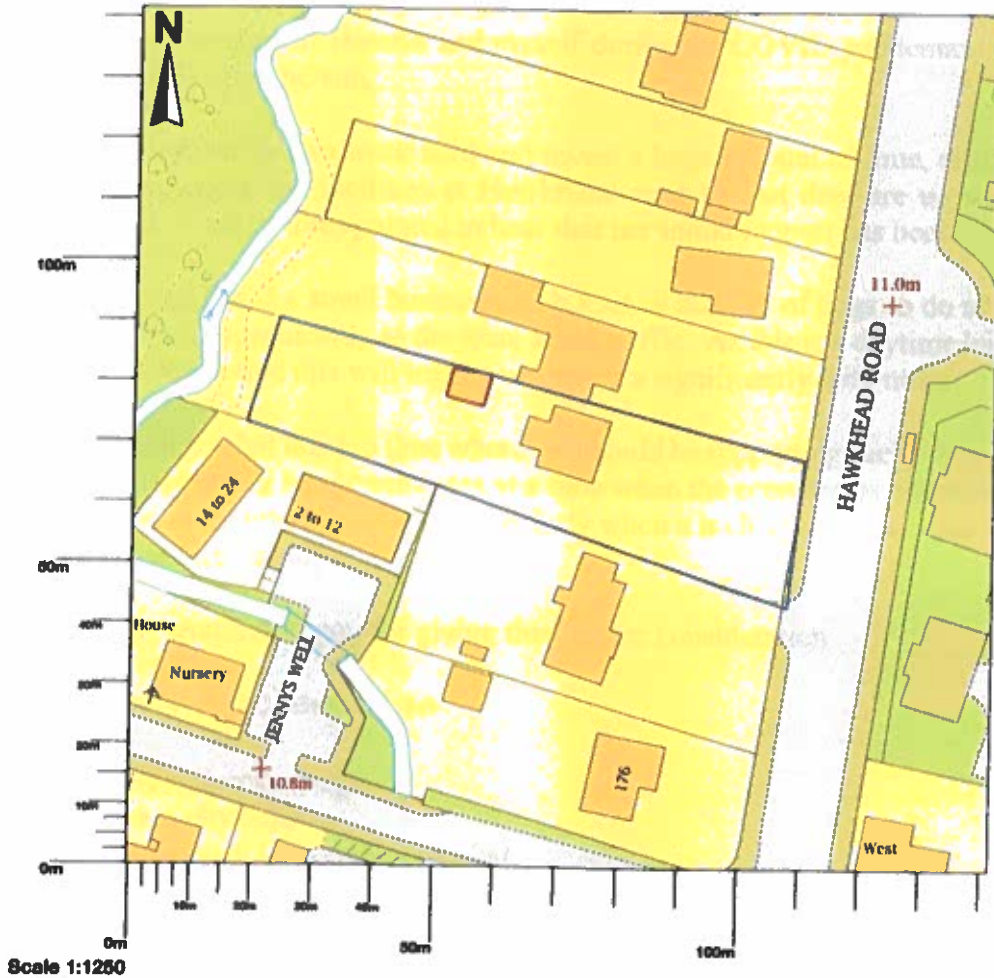

The only temporary aspect of our business was the condition of the existing garage. Our intention was and has always been to refurbish the garage with emphasis on noise reduction and operate the business from there. The neighbours were informed that any disruption during the refurbishment would be temporary.

In reference to vehicular movements, although there will be potentially 8 dogs on site each day, only a small number of these dogs would be dropped off and collected by their owners and so I would estimate the addition of 2 – 3 vehicles twice a day. I would also like to note that the majority of the customers who's dogs will be dropped off and collected live within the local area and carry out drop off's and collections on their commute to and from work so would already be using the surrounding roads and transport links.

I ask that you consider my appeal and that the decision to not award consent be reviewed. I have been working on this project for nearly two years now and have invested over £15,000 of my own money in refurbishing the existing garage and garden to a high standard with the welfare of the dogs and consideration for our neighbours as my highest priority. We are willing to do whatever it takes to make this business work. We are happy to make any amendments necessary to ensure consent can be given. If consent is not given it would be devastating to not only myself but to my staff members who have worked so hard to get us to this stage.
