Notes

1. From the 4th January 2009, when notice is given on the application for building warrant of the intention to provide a certificate from an approved certifier of construction to accompany the completion certificate submission, the applicant is entitled to a discount on the fee. Notification of the intent to use a certifier of construction after the warrant application has been submitted will not entitle the applicant to a discount on the warrant fee.
2. Any person intending to use an approved certifier of construction should check the current status of known firms by using the Certification Register available at www.sbsa.gov.uk

NOTE: If after giving notice of intent to use a certifier of construction a certificate from an approved certifier is not provided with the completion certificate submission, the amount of fee discounted requires to be paid to the verifier and may delay the acceptable of the completion certificate by the verifier.
