Introduction

Promoting Town Centres

Town centres are central to the local economy and communities offering a base for a range of businesses, community activity and jobs.

Renfrewshire Council is committed to promoting economic growth and regeneration in our centres. The Council continues to identify and deliver a range of innovative approaches to sustain and encourage investment to ensure that all of our town centres remain as the economic and social hubs of our communities and places.

Following on from the successful adoption of the Hillington Park Simplified Planning Zone (SPZ) in 2014, Renfrewshire Council have sought to prepare a SPZ for one of our town centres as a means to stimulate investment within the context of a wider Town Centre Strategy and Action Plan.

In consultation with colleagues from the Scottish Government, Renfrew Town Centre was selected as a suitable location and the Council agreed to take part in a nationally funded Pilot Project to prepare a SPZ Scheme for the town centre.

The promotion of a Simplified Planning Zone within Renfrew Town Centre is a clear demonstration that Renfrewshire Council is working to promote investment and enhance the town centre, to promote a culture of being 'open for business' and to ensure that planning controls are proportionate.

Planning Context

This SPZ Scheme has been prepared in line with the provisions of Sections 49 and 50 and Schedule 5 of the Town and Country Planning (Scotland) Act 1997 (the 1997 Act) as amended by the Planning Etc. (Scotland) Act 2006 and the Town and Country Planning (Simplified Planning Zones) (Scotland) Regulations 1995 (the Regulations).

Scottish Planning Policy

Scottish Planning Policy (SPP) recognises that town centres are at the heart of local communities and the local economy and can be hubs for a range of activities.

The Scottish Government's Town Centre First Policy is central to the approach being promoted with other broad policy principles including: encouraging a mix of uses in town centres; ensuring development plans, decisions and monitoring supports town centres; and, considering opportunities to increase the amount of people living in town centres.

Renfrewshire 2023 – Renfrewshire's Community Plan

The Renfrewshire Community Plan recognises that attractive and successful town centres are important to the local community and the delivery of sustainable economic growth within Renfrewshire.

The Community Plan makes a commitment to:

'Deliver a regulatory framework designed to support and encourage investment and area regeneration'.

The Glasgow and the Clyde Valley Strategic Development Plan

The Glasgow and the Clyde Valley Strategic Development Plan (SDP) identifies a network of Strategic Centres, their challenges and a range of interventions that will be required to support their long-term roles and functions.

While Renfrew Town Centre isn't one of the Strategic Centres identified in the SDP, a Simplified Planning Zone will have no impact on the role and function of any Strategic Centre (including Braehead and Paisley) and will strengthen the network of centres identified in the Renfrewshire Local Development Plan.

Renfrewshire Local Development Plan

The Renfrewshire Local Development Plan (LDP) Spatial Strategy aims to promote sustainable economic growth by indicating opportunities for change and supporting investment which helps to regenerate, create and enhance communities and places.

Strengthening the vitality and viability of Renfrewshire's centres is central to the LDP Spatial Strategy and requires the channelling of investment to allow a diverse range of activities and uses to develop. In terms of Renfrew Town Centre the LDP identifies that the Council will continue to work to strengthen and refresh the offer within the town centre to maintain its vitality and viability.

Renfrew Town Centre

In comparison to many town centres across Scotland Renfrew Town Centre is performing well with less than 9% of commercial units / buildings currently vacant, however, it is envisaged that this SPZ will help reduce vacancy further and strengthen the offer within the town centre, delivering benefits for developers, property owners, businesses and residents of Renfrew.

The SPZ offers the flexibility to help Renfrew's businesses to grow and adapt as well as encourage new business to locate in the town centre.

Renfrew Town Centre Strategy and Action Plan

The emerging Renfrew Town Centre Strategy and Action Plan includes the preparation and ongoing monitoring of a SPZ for the town centre as a Key Action in support of the Town Centre First Policy.

City Deal Investment

Renfrew Town Centre will also benefit from the City Deal investment programme which will deliver a new bridge crossing between Renfrew and Yoker and a new road to the north of the town. The increased promotion of the town centre and simplified planning framework delivered by this SPZ together with the City Deal infrastructure investment will add to the overall strength of the town centre providing for new economic growth opportunities.

War Memorial, Renfrew Town Centre

What is a Simplified Planning Zone?

A Simplified Planning Zone is an area where the need to apply for planning permission is removed for certain types of development so long as the development complies with the details, conditions and guidance set out in the SPZ Scheme.

A SPZ Scheme maintains acceptable standards of development, care for the built environment and amenity. These matters are addressed in this Scheme while offering flexibility designed to help Renfrew's businesses to grow and adapt as well as encouraging new business opportunities to locate in the town centre.

Renfrew Town Centre SPZ allows for certain changes of use, external alterations, and other minor works without the need for a planning application subject to their compliance with the development parameters and conditions detailed in this document.

Under the Town and Country Planning (Use Classes) (Scotland) Order 1997 changes of use can occur without the need for planning permission. Under the SPZ Scheme there is increased flexibility to change the use of properties.

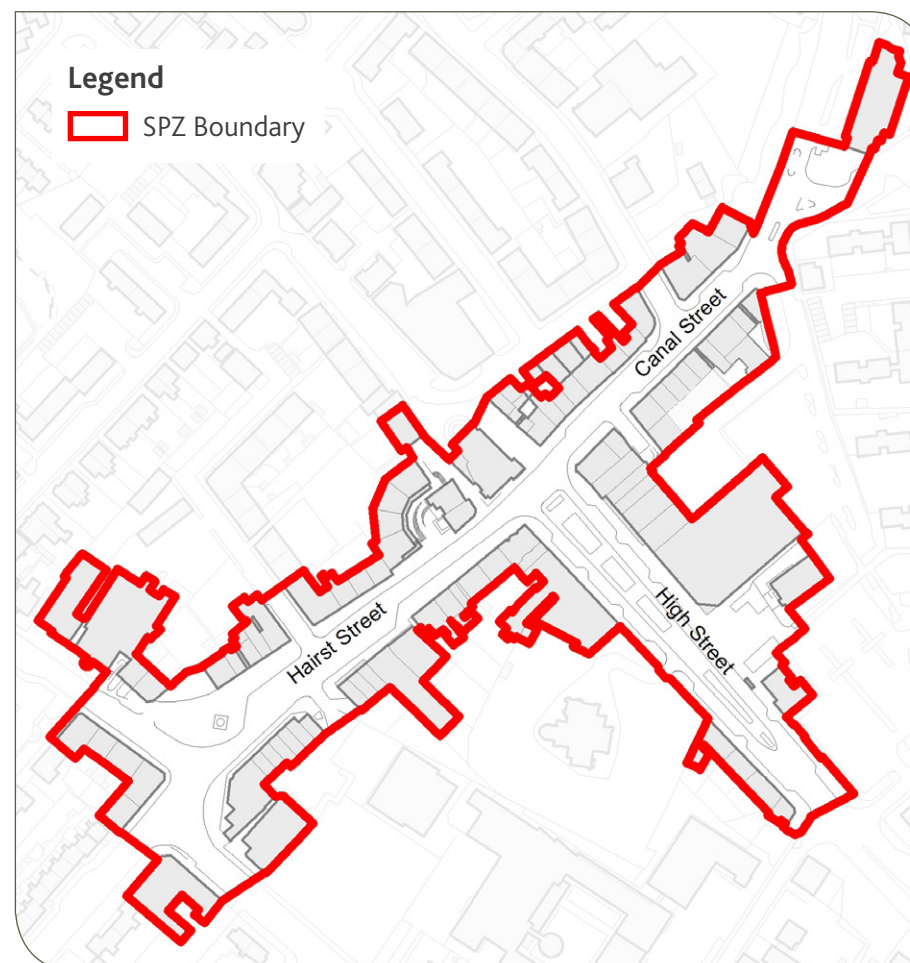

Planning issues are addressed within the Scheme. The types of new/ additional uses and new development that are approved within the SPZ area are confirmed.

The aim of the SPZ is to assist in informing investment decisions as businesses and investors are able to establish with certainty and speed the acceptability of their proposals.

The savings in terms of time, money and effort in considering these minor changes and the certainty offered by the SPZ status will help promote Renfrew Town Centre further as a location to invest.

SPZ Boundary

The provisions of this SPZ Scheme apply only to the area identified on the Plan below. Areas outside of this boundary are subject to standard planning control.

Renfrew Town Centre Simplified Planning Zone Scheme

SPZ Duration

The provisions of this SPZ Scheme are valid for a period of **ten years** from the date of its commencement on 25 August 2015. The Council has the right to propose alterations to the Scheme including to add to, remove or otherwise alter the planning controls (see Page 14)

How to Use the Scheme

In using this SPZ Scheme there are three stages that require to be followed before proceeding with your development proposals within Renfrew Town Centre (See Figure 1).

Development is approved by this SPZ Scheme where it is in accordance with the development parameters (Stage 1), and complies with the conditions attached to the scheme (Stage 2). Information on each Stage is detailed in pages 7-13.

Stage 1 | What types of development are permitted?

What types of development and uses are allowed by the Scheme and what still requires consent? (Figure 2)

Stage 2 | Conditions and informatives

What planning conditions apply to the development proposal?
What additional information does the condition require?
What else do you need to consider?
– e.g. building warrant, listed building consent, etc.

Stage 3 | Notifications

Notify planning authority of development proposal in line with SPZ Scheme.
Notify planning authority of commencement and completion of development.

Figure 1 – Operation of Renfrew Town Centre SPZ Scheme

Stage 1 – What types of development are permitted?

What types of development are approved by the SPZ Scheme

Development is approved within the SPZ area subject to the development parameters set out in Figure 2. This allows for certain changes of use, external alterations and other minor works within Renfrew Town Centre. Figure 2 details the types of uses and development that are approved under this SPZ scheme. A proposal for any other use or development type will not be permitted by this scheme. For example, new build development or extensions to existing properties within the SPZ area and a change of use not indicated in Figure 2 are not covered by this scheme.

** Examples only, for a full list of uses please see The Town and Country Planning (Use Classes) (Scotland) Order 1997*

Figure 2 – Permitted Developments/Uses and Development Parameters

Uses and Developments Permitted	Development Parameter
Changes of Use To	
Use Class 1 – Shops*	Acceptable at ground floor level
Use Class 2 – Financial, Professional and Other Services (e.g Estate Agents, Banks, Dentist Surgeries*)	Acceptable at ground floor and first floor level
Use Class 3 – Food and Drink (e.g. Restaurants and Cafes*)	Acceptable at ground floor level. (Does not include Public Houses or Hot Food Takeaways). No more than three adjoining Class 3 units are permitted by the SPZ scheme
Use Class 4 – Offices*	Acceptable at ground floor and first floor level. (Does not Include Light Industry)
Use Class 7 – Hotels and Hostels*	Acceptable at ground floor and first floor level
Flats – Residential	Acceptable but limited to upper floors. Excludes Houses in Multiple Occupation.
Use Class 10 – Non Residential Institutions (e.g. Nursery, Public Library, Museum, Religious Institution*)	Acceptable at ground floor level
Other Developments	
Shop front alterations	Subject to compliance with Renfrew Town Centre SPZ Design Guide (Appendix 2)
Installation of external refrigeration/ air conditioning units	Subject to compliance with Renfrew Town Centre SPZ Design Guide (Appendix 2)

Notes

- Existing uses and floorspace levels within the SPZ area are detailed in Plan 3: Land Use Plan 2015 (Appendix 1).
- The above uses are approved subject to the number of ground floor Class 1 units not falling below 40% of the total number of ground floor commercial units within the town centre. See Plan 3: Land Use Plan 2015 for a breakdown of Class 1 units. (Appendix 1). Should the number of Class 1 units fall below 40% the Scheme will not permit the change of use of a retail unit to any other use.
- This scheme does not permit the change of use from Class 9 (Residential) to any other use.
- Development activity will be monitored throughout the scheme duration and an annual monitoring report will be published.

What still requires consent?

Proposals Not Permitted by the Scheme

Proposals falling outside of the SPZ scheme that require planning consent will be considered by way of a planning application and determined under the development plan. Renfrewshire Council continue to welcome such submissions.

Permitted Development Rights

This scheme does not affect existing permitted development rights afforded under the Town and Country Planning (General Permitted Development) (Scotland) Order 1992 (as amended). The amended order, subject to specified criteria, allows for certain alterations and extensions to commercial properties and minor developments such as access ramps, trolley stores and the installation of vehicle recharging electrical outlets.

Any alterations or extensions to permitted development rights which may subsequently emerge through future regulatory change would also be available.

Former Old Parish Church, Renfrew Town Centre

Other Consents

The SPZ Scheme relates only to planning permission. It is the developer's responsibility to ensure compliance with all other relevant legislation and requisite fees. For example, separate approval will be required from the Local Authority for, if applicable, Listed Building Consent and Building Warrants.

Advertisement Consent

Proposals for signs and advertisements, unless having deemed consent, will require approval under the terms of the Town and Country Planning (Control of Advertisement) (Scotland) Regulations 1984 (as amended) or its replacement.

Certain types of advertisements do not need permission under the regulations. As a guide, you will normally need to apply for permission for most illuminated signs, advertisements using special structures for display such as poster hoardings and large signs or those positioned high up on buildings.

The following page provides guidance on two types of advertisement which can be displayed without consent. For a full list of advertisements which can be displayed without consent please see Schedule 4 of the Advertisement Regulations.

The Advertisement Regulations are complex and it is always advisable to check the position with the Council's Development Management Section before proceeding.

You can display certain types of advertisement on your shopfront without advertisement consent.

Firstly, the sign **must** relate to the business or activity being carried out, the goods sold or the services provided or the name and qualification of the person supplying the goods or services from the premises.

Non-illuminated fascia sign with 'deemed consent'

- Maximum height of letters or figures must not exceed 0.75m
- Highest part of advert must not exceed bottom of first floor of the building or wall on which it is displayed or if lower, 4.6m above ground level
- The advertisement will be displayed on a wall that contains a window

Illuminated fascia sign with 'deemed consent'

- Only one advert will be displayed on the exterior of the shopfront and the maximum height of letters or figures must not exceed 0.75m
- Sign must be displayed on external face of the shop front and parallel to that face
- Each character of the advert must be individually illuminated from within, the background must remain non-illuminated
- The advert must not include any moving feature or animation and must not be illuminated intermittently
- No part of the advert will be less than 2.5m above ground level or above 4.6m above ground level
- The advertisement will be displayed on a wall that contains a window
- No part of the advert will project more than 0.25m from the face of the wall on which it is displayed
- Any internal wiring, switches or electrical installations must be concealed as far as is reasonably practicable

Figure 3 – Deemed Advertisement Consent

Stage 2 – Conditions and informatives

Planning conditions and informatives

Development approved by this SPZ Scheme is subject to planning conditions as shown in Figure 4. Please note that some of the conditions are pre-commencement conditions, requiring details to be approved prior to development starting.

Where conditions require further details to be submitted to Renfrewshire Council we will endeavour to provide a response regarding the acceptability of the submitted information within 14 days of receipt.

It is the developer's responsibility to ensure that development is fully in compliance with these conditions and informatives.

Variation or removal of planning conditions

Development carried out under the provisions of the SPZ must adhere to any relevant, applicable condition contained within the SPZ Scheme.

There is no scope to vary or remove planning conditions attached to the SPZ Scheme other than in the circumstances when the Council choose to alter the scheme.

Where developers wish to carry out development without complying with a condition contained within the SPZ Scheme, an application for full planning permission must be submitted for consideration by the Council.

Condition	Reason
1 All development shall comply with the parameters of the SPZ Scheme as set out in Figure 2 and in Appendix 1.	<i>To ensure the development accords with the provisions of this Scheme</i>
2 All developments shall comply with the Renfrew Town Centre Design Guide as set out in Appendix 2 unless otherwise agreed in writing with the planning authority.	<i>To ensure that the design and scale of development respects its surroundings</i>
3 Waste and recycling storage areas should be located away from principal frontages and screened from the road.	<i>To maintain and enhance the visual amenity of the area</i>
<p>4 That prior to work commencing on site for the change of use of any unit to a use that will involve the preparation of hot food for consumption on the premises, details shall be provided for the written approval of the Planning Authority which demonstrate that:</p> <p>a) A suitable mechanical extract system shall be provided which includes an adequately sized stainless steel extraction canopy incorporating suitable grease filters located above cooking equipment; and</p> <p>b) The canopy shall be ventilated direct to the external air via suitable ducting incorporating an adequately sized extract fan; and</p> <p>c) The ventilation system shall terminate via a flue located to the rear of the property at a minimum height of 1 metre above the eaves level of the property or 1 metre above any dormer window of the property. If the property to be altered is single storey, the flue shall terminate at a minimum height of 1 metre above eaves level of the adjoining residential property; and</p> <p>d) The system shall be attached using anti-vibration mountings to prevent the transmission of noise or vibration to dwellings forming part of the building;</p> <p>Thereafter the extraction system shall be installed in accordance with the approved details and prior to the use becoming operational.</p>	In the interests of residential amenity.
5 All residential flats created under the provisions of this Scheme shall include a window to the front and rear of the property.	In the interests of residential amenity.
6 The Internal noise levels within any proposed flat above commercial property shall not exceed 40dB, daytime and 35dB night time, measured as LAeq,T.	In the interests of residential amenity.
7 The design, installation and operation of any plant, machinery or equipment shall be such that noise associated with any development does not exceed Noise Rating Curve NR25 between the hours of 2300 to 0700 hours and NR 35 at all other times when measured within any dwelling in the vicinity of the development. Structure borne vibration from the proposed development shall be imperceptible within any dwelling in the vicinity of the development. For an explanation of noise rating curves, refer to BS 8233:2004 Sound insulation and noise reduction in buildings- code of practice, Annex B.	In the interests of residential amenity.

Figure 4 – SPZ Planning Conditions

Informatives

Developers must note that compliance with the conditions does not remove the requirement to obtain all other statutory consents. Informatives detailed below are a reminder for developers of some of the issues that they may need to consider.

Land Ownership

The applicant is advised that the granting of planning permission through this Simplified Planning Zone does not remove him/her from the requirement to obtain consent from the owner to undertake the development and adjacent landowners in respect of any access required. Such consent should be obtained prior to the commencement of works on site.

Listed Buildings

Proposals which would alter or affect the setting of a listed building will require an application for Listed Building Consent. The Location of existing Listed Buildings within Renfrew Town Centre is detailed in Plan 2 (Appendix 1).

Advertisements and signs proposed for display on or within a listed building – whether or not they benefit from “deemed consent” under the Advertisement Regulations – may require a separate application for listed building consent.

Advertisements

Any advertisement, other than that deemed within the terms of the Town and Country Planning (Control of Advertisements) (Scotland) Regulations 1984, will require an application for advertisement consent. See Pages 8-9.

Building Standards

If you propose to alter an existing building or convert a building you will normally require a Building Warrant. A warrant will be granted if the proposals meet the requirements of the Building (Scotland) Act 2003.

For further information please contact:
email: bc@renfrewshire.gov.uk
phone: **0300 300 0144**

Licensing

If you would like advice or help in making a new application for the grant of a license, or you would like to know whether you need a license for a particular purpose, please contact Renfrewshire Council's Licensing section:

email:
licensing.cs@renfrewshire.gov.uk
phone: **0300 300 0300**

SEPA

The applicant should consult with the Scottish Environment Protection Agency concerning the proposed development, in respect of legislation administered by that organisation which is likely to affect proposed development. Customer Enquiry number is **03000 99 66 99**.

Drainage

The applicant should consult Scottish Water in respect of legislation administered by that organisation which is likely to affect development.

Notification requirements

Pre-development notification

Prior to the commencement of development under the provisions of the SPZ Scheme, it is the developer's responsibility to notify the local planning authority using the Pre-development Notification Form attached in Appendix 3.

On receipt of a duly completed Pre-development Notification Form, the local planning authority will respond in writing within 14 working days to acknowledge the development proposal. Failure to respond in writing within this period, or to request further information (with specified reasons) will be deemed to be mean that the pre-notification requirement has been fulfilled.

It is important that accurate information is provided on this form to allow the Council to monitor development activity and ensure that development is in accordance with the SPZ

development parameters. Failure to provide accurate information may lead to enforcement action being taken by the Council.

Commencement and Completion Notification

In addition to the Pre-development Notification Form developers are required to complete and return notification forms on commencement and completion of a development being carried out under the provisions of this SPZ Scheme. (Appendix 3)

Notifications and Submission of Information

1
Submit Pre-Development Notification Form and any addition information required by conditions to Council – **Council will acknowledge notification and respond regarding suitability of additional information within 14 days.**

2
Submit Development Commencement Form to Council.

3
Submit Development Completion Form to Council.

Should you require Renfrewshire Council's formal confirmation that a proposed use or development is approved by the SPZ Scheme, an application for a Certificate of Lawfulness is required - **Council will respond within 28 days.**

Figure 5 – Notification Process and Submission of Additional Information

Miscellaneous information

Scheme Compliance and Rights of Appeal

Should prospective developers require Renfrewshire Council's formal confirmation that a proposed use or development is approved by the SPZ Scheme, an application for a Certificate of Lawfulness is required together with the requisite application fee (Section 151 of the 1997 Act).

Renfrewshire Council will endeavour to determine applications for a Certificate of Lawfulness in respect of the SPZ Scheme within 28 days.

If the application is refused, the applicant will have the normal rights of appeal.

Enforcement

If Renfrewshire Council considers that a development is in breach of the provisions of the SPZ Scheme, or other planning permission, the Council may take enforcement action. This action is undertaken at the discretion of the Council in accordance with the Renfrewshire Council Planning Enforcement Charter September 2011.

Monitoring Arrangements

For the SPZ Scheme to work efficiently, for outcomes to be measured and for it to achieve its primary objective of encouraging sustainable economic development, it is important that Renfrewshire Council are able to monitor the development activity. Using the information received through the pre-development notification process and the commencement and completion of development forms (Appendix 3), Renfrewshire Council will publish an annual report providing a summary of the approved development. This information will be used to update Plan 3: Land Use Plan 2015 which will be published in the annual report.

Alteration of the SPZ Scheme

Renfrewshire Council intend that the SPZ Scheme will remain unaltered for the entirety of its period of operation (10 years). Under the provisions of Section 53 of the 1997 Act, however, the Council has the right to propose alterations to the Scheme including to add to, remove or otherwise alter the planning controls. In accordance with the regulations, alterations will be subject to further public consultation and will only come into effect 12 months from the date of adoption of the changes.

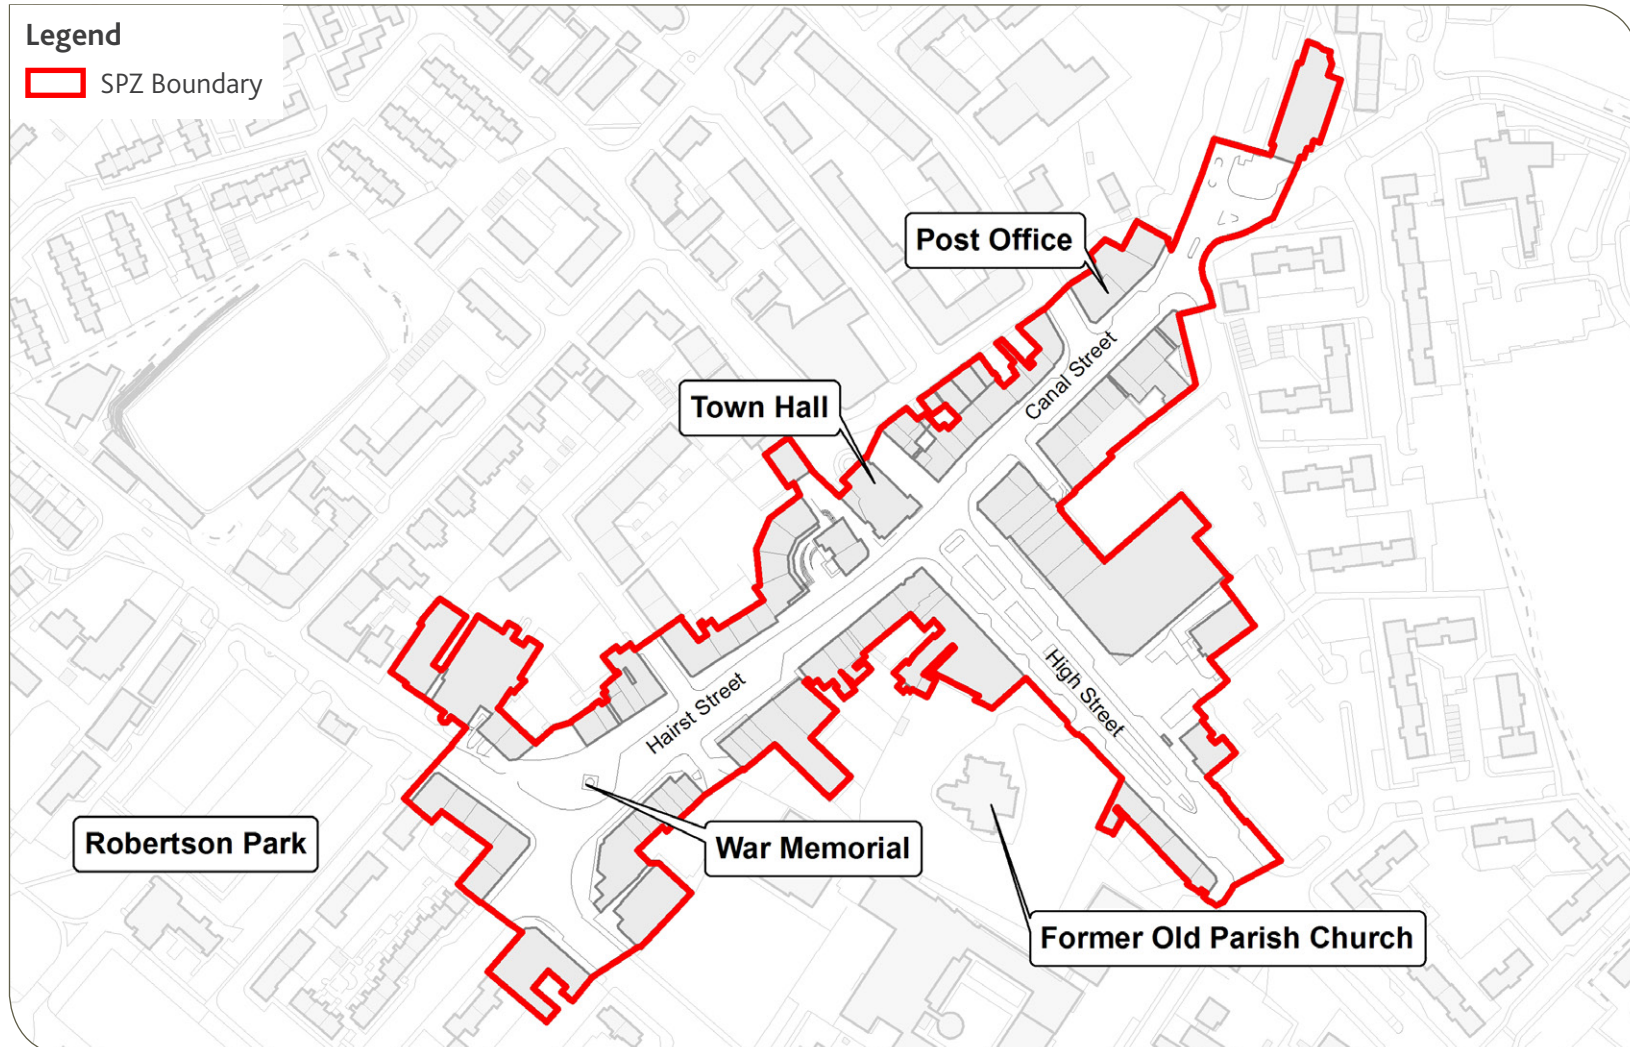

Contact information

You can contact Renfrewshire Council in relation to proposals under this SPZ Scheme:

Appendix 2 – Renfrew Town Centre Design Guide

Well designed shop fronts make a positive contribution to the character and appearance of Town Centres. In the Renfrew Town Centre Simplified Planning Zone the following design principles will apply:

- **Frame the shop window**
The basic frame of a shop front consists of the fascia at the top for signage, the stall riser at the bottom, the pillars or columns to the sides of the unit and the separation between units;
- **Respect the main building**
There should be a relationship between the shop and the building that it is a part of rather than trying only to achieve uniformity with adjoining units;
- **Add visual interest**
The use of colour, materials, signage and window displays can add visual interest to individual units and the wider street scene;
- **Use good quality materials and finishes**
Materials should complement the existing building. Keeping the range of materials used to a minimum can create a degree of unity in the street scene;
- All security shutter boxes will be recessed behind the fascia or sub fascia with shutters perforated or of brickbond style.
- External air conditioning and refrigeration units require to be located at the rear of the building, screened from public view.

Layout for a basic shop front

- Fascia / Top
- Pillars / Sides
- Window
- Stall Riser / Bottom

Appendix 3 - Forms

- Pre-development Notification Form
- Development Commencement Form
- Development Completion Form

Notes for developers

By submitting this form you are notifying Renfrewshire Council that you intend to carry out works under the Renfrew Town Centre Simplified Planning Zone (SPZ) Scheme.

Completion of this form is a mandatory requirement if development is undertaken under the provisions of the SPZ scheme. It is essential that the local planning authority maintains an accurate record of the development activity so that the terms of the SPZ are not exceeded.

On receipt of this form, the local planning authority will acknowledge within 10 working days to the agent or developer if no agent is specified.

Acknowledgement of the form does not constitute the local planning authority's confirmation that the proposal is compliant with the SPZ. Developers requiring a formal decision from the local planning authority about the proposal's compliance with the SPZ must apply for a certificate of lawfulness of proposed use or development under section 151 of Town and Country Planning (Scotland) Act 1997.

Please complete this form and return to the local planning authority together with the following minimum information:

- Location plan (scale 1:1250 or 1:2500)
- A Block plan for Residential Proposals (1:500 or 1:200)

All measurements should be provided in metric and floor areas specified as gross internal area (GIA).

The completed form and plans should be sent by post/e-mail to:

Director of Development and Housing Services
 Renfrewshire Council
 Cotton Street, Paisley PA1 1JD
 localplanconsultation@renfrewshire.gov.uk

Submitted information

I/we submit the following information (please tick):

- Site location plan (scale 1:1250 or 1:2500)
- Block plan (Residential proposals) (1:500 or 1:200)

Other information provided with the pre-development notification, if applicable (please list):
