Table 12.2: All Females in Renfrew South and Gallowhill by Age by Marital and Civil Partnership Status

The tables show that people in Renfrew South and Gallowhill are more likely not to be married than married, and adult females are even less likely than adult males to be married. Approximately 37% of adult females are married compared to 45% of adult males. Slightly fewer than 39% of adult males in the ward are single, compared with 35% of adult females.

Section Four – Economic Activity

Tables 13 to 15 highlight the number of working age people across Renfrew South and Gallowhill by their level of economic activity, industry and occupation in the week leading up to the 2011 Census. Should you seek the most up to date representation, details can be found at <http://www.nomisweb.co.uk/>.

The Census defines Economic Activity as “*whether or not a person aged 16 and over was working or looking for work in the week before census. Rather than a simple indicator of whether or not someone was currently in employment, it provides a measure of whether or not a person was an active participant in the labour market.*”¹

Across Renfrew South and Gallowhill, 40% of people aged 16 to 74 were in full-time employment, which was less than the Renfrewshire average (41.13%). Renfrew South and Gallowhill also had a less than average proportion of full-time students and more retired people than the rest of Renfrewshire. There was also a higher than average proportion of people concentrated in the ward that were economically inactive due to having a long-term sickness or being disabled, compared to the Renfrewshire average. However, there was a lower concentration of unemployed people in the ward (4.83%) than the Renfrewshire average of just over 5%. The ward is less economically active (65.9%) than the whole of Renfrewshire (68.7%); there are more men in full-time employment than women, while there are more women in part-time employment or looking after the family at home.

| Household is deprived in 4 dimensions | 46 | 0.66% | 760 | 0.94% |

Table 23: Deprivation dimension of all households in Renfrew South and Gallowhill³

³The dimensions of deprivation used to classify households are indicators based on four selected household characteristics. A household is deprived in a dimension if it meets the following conditions:

1. Employment: a person in the household aged 16 and over who is not a full-time student is either unemployed or long-term sick or disabled.
2. Education: no person aged 16 to 64 in the household has a highest level qualification of level 2 or above, or no person aged 16 to 18 is a full-time student.
3. Health and disability: any person in the household has 'bad' or 'very bad' general health, or has a long-term limiting health problem or disability.
4. Housing: the household's accommodation is either overcrowded (with an occupancy rating of -1 or less), is in a shared dwelling or does not have central heating.

Section Six - Transport

The most common method of transport used by working age people of Renfrew South and Gallowhill and across the whole of Renfrewshire is by driving a car or van. A higher proportion of people in the ward will use a bus to get to work than across the whole of Renfrewshire, while it is also more likely that people from Renfrew South and Gallowhill will walk to work than the Renfrewshire average. Also, there are a lower proportion of people in Renfrew South and Gallowhill that work from home or travel to work by train than the Renfrewshire average. However, this is due to train stations in Renfrewshire being situated outside of this ward.
